Print and cut out the problem cards. Give one to each student in your class.

My neighbours are always listening to really loud heavy metal music.	My boyfriend / girlfriend loves his / her dog more than me.	I have to go to a boring dinner party with people I really don't like.
I'm having a bad hair day.	I was really looking forward to a big picnic with friends this weekend, but apparently it's going to rain non-stop.	My boss won't let me have next week off.
I've got really huge feet and can't find any nice shoes that fit.	My colleague is always complaining about everything. It drives me crazy!	My hairdresser has put her prices up again.
I have a houseguest who won't leave.	All my friends forgot my birthday.	My baby won't let me sleep at night. I'm really tired when I go to work in the morning.
They won't continue my favourite TV show, <i>Lonely Hearts</i> . I'm desperate as I really wanted to know if my favourite characters, Mike and Sally, will marry in the end.	My cat's always making a mess of my living room while I'm away. I can't leave her alone at home!	My son's doing really badly at school right now and he won't do his homework. He prefers playing computer games!
